

<b>Broadleaf Evergreens 2018</b>								
<b>Blue - New 2018</b>								
Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description		red - Three or less in stock blue - New 2018 Price/(#Stock)
<b>Bog Rosemary</b>	<b>Andromeda polifolia</b>				Yes	<b>NS Native Species - Shelter from winter wind</b>		
Blue Ice Bog Rosemary	Andromeda polifolia 'Blue Ice'	3	60cm	1m		Low, mounded, spreading form. Small white bell-shaped flowers with pink overtones in spring. Fine-textured, icy-blue, needlelike foliage all year. Prefers full sun to partial shade, rich, moist to wet acidic soil, will tolerate some standing water. Slow-growing.		16.95 (30)
<b>Arizona Madrone</b>	<b>Arbutus arizonica</b>					<b>Protect from NW winter winds</b>		
Arizona Madrone	Arbutus arizonica	6b - 7	5 - 6m			Native to mountains of Arizona. Small, delicate tree. Glossy, dark-green leaves with paler undersides. Early spring, white to pale-pink, urn-shaped flowers produce orange fruit, persisting into winter. Exfoliating bark, plated with grey and cream colours, with exposed reddish patches. Full sun, well-drained soil. Drought tolerant but prefers regular watering. Needs a very protected site. Or grow in a container, overwinter indoors.		15.95 (16 Aug)
<b>Bearberry / Kinnikinick</b>	<b>Arctostaphylos uva-ursi</b>				Yes	<b>NS Native Species - Evergreen groundcover - Fruits attract birds</b>		
Bearberry / Kinnikinick	Arctostaphylos uva-ursi	4	15cm	40cm	Yes	<b>NS Native species.</b> Ground cover with glossy-green foliage, spring white flowers and red fruit. Full sun to partial shade, sandy, well-drained soil.		12.95 (8)
Little Leaf Massachusetts Kinnikinick	Arctostaphylos uva-ursi 'Little Leaf Massachusetts'	4	15 - 30cm	1 - 1.2m		Flat-growing, tiny, glossy-green evergreen leaves on reddish-brown stems. Spring, urn-shaped flowers produce a profusion of red berries. Foliage turns burgundy in cooler weather. Superb disease resistance. Good cascading down banks, over walls. Full sun to partial shade, sandy, well-drained soil.		12.95 (25)
Massachusetts Kinnikinick	Arctostaphylos uva-ursi 'Massachusetts'	4	15 - 30cm	40cm		Small, lustrous evergreen mat of foliage, urn-shaped, flowers in spring, produces attractive red fruit by late summer into winter. Foliage red-gold in fall. Best in acidic, well-drained sandy infertile soil. Excellent disease resistance variety. Full sun to partial shade, sandy, well-drained soil.		12.95 (22) (50) 14.95 (2) 19.95 (19)
<b>Japanese Laurel</b>	<b>Aucuba</b>					<b>Shelter from winter sun and wind</b>		
Mr. Goldstrike Japanese Laurel	Aucuba japonica 'Mr. Goldstrike'	7	1.2m	1.2m		Male cultivar, striking foliage, glossy, heavily spotted gold evergreen leaves. Partial sun to shade. Moist, well-drained soil, or plant in a container and overwinter indoors.		24.95
<b>Boxwood</b>	<b>Buxus</b>					<b>Deer resistant - Shelter from winter wind</b>		

<b>Broadleaf Evergreens</b>

Upright Boxwood	Buxus sp.	5				Upright growth habit. Great for use as a medium hedge		29.95 (55) 39.95 (18)
<b>Formed Topiary Boxwoods</b>								
	<b>Buxus (Formed Topiary Boxwoods)</b>							
Boxwood Patio Planter	Buxus	5				Hedge-shaped boxwoods planted in terra cotta coloured planters. Keep pruned to shape.		129.95 (7)
Green Gem (topiary)	Buxus 'Green Gem' (topiary)	5				Pre-pruned to different shapes		79.95 (6)
Green Mountain Clipped Cone	Buxus 'Green Mountain' (cone)	5				Most upright, ideal for growing in a pyramid. Sheared to look like a pyramid		79.95 (1) 89.95 (10) 129.95 (1)
PomPom Clipped Boxwood	Buxus (pompom)	5				Boxwoods pruned in a formal, pompom shape.		189.95 (3)
<b>Japanese Camellia</b>								
	<b>Camellia japonica</b>							
						<b>Deer Resistant - Shelter from winter wind.</b>		
						Species native to China, Korea, Japan. Upright, to rounded form. Glossy, dark-green, evergreen leaves contrast against smooth, grey bark. Very early spring rounded buds open to large, semi-double, fragrant, shell-pink camellia flowers. Slow growing. This variety was developed by Dr. Clifford Parks of Chapel Hill, NC, USA. Prune, if needed, right after flowering. Full sun to partial shade. Rich, evenly moist, acidic, well-drained soil. FRG		
April Blush Japanese Camellia	Camellia japonica 'April Blush'	6b	3m	1.2 - 1.8m				29.95 (25 Aug)
<b>Cotoneaster</b>								
	<b>Cotoneaster</b>							
						<b>Semi-evergreen - Attracts pollinators, birds.</b>		
Little Gem Compact Cotoneaster	Cotoneaster adpressus 'Little Gem'	4	30cm	60cm		Dense, mounded, cascading habit. White flowers in spring produce brilliant red berries in fall. Full sun, tolerates light shade. Drought resistant, salt tolerant. Good as a groundcover, foundation plantings, or cascading over a wall. Brilliant red fall colour.		19.95 (11)
Cranberry Cotoneaster	Cotoneaster apiculatus	4	1m	2m		Dense, broad, upright, mounding habit, with stiffly arching branches, semi-evergreen. Small pink-white spring blooms produce cranberry size red berries in fall which persist in winter. Tolerates drought conditions. Full sun, well-drained soil. Purple, red & bronze fall colour.		28.95 (5) 29.95 (9) (25)
Bearberry Cotoneaster	Cotoneaster dammeri	4	30cm	1.8m		Dense, semi-evergreen, prostrate habit. White flowers in spring produce bright red berries in fall, persist into winter. Red-purple fall colour. Good as a groundcover (two plants per m2), cascading over banks, rock walls. Full sun to partial shade, well-drained soil. Drought tolerant once established.		14.95 (9) 16.95 (20)
Coral Beauty Bearberry Cotoneaster	Cotoneaster dammeri 'Coral Beauty'	4	30cm	1.2 - 2m		Mounding, cascading habit. Shiny, green leaves. White flowers produce orange-red berries, persisting into winter. Full sun to partial shade. Red fall colour. Good to stabilize banks, cascading over walls, groundcover.		10.95 (7) 11.95 (12) 15.95 (13) 19.95 (25) 21.95 (20)

<b>Broadleaf Evergreens</b>							
<b>2018</b>							<b>red - Three or less in stock</b>
<b>Blue - New 2018</b>							<b>blue - New 2018</b>
<b>Common Name</b>	<b>Latin name</b>	<b>Zone</b>	<b>Ht (cm/m)</b>	<b>Spr (cm/m)</b>	<b>NS Native</b>	<b>Description</b>	<b>Price/(#Stock)</b>
Hesse Cotoneaster	Cotoneaster hessei	4	30-60cm	1.5 - 2m		Hybrid cross (C. horizontalis x C. adpressus var. praecox). Low growing, arching, spreading habit. Deciduous, with small, rounded leaves, arching stems. Small, pinkish-red flowers in spring produce red berries that persist into winter. Excellent groundcover, or cascading over walls. Reddish-purple fall colour. Drought tolerant once established.	29.95 (20)
Little Dipper® Cotoneaster	Cotoneaster procumbens 'Gerald' (Little Dipper)	5	15-30cm	1.2 - 2m		Spreading, prostrate habit. Deciduous, fine-textured branches are covered with tiny, white blooms in spring, produce showy, red berries through late summer, through fall, into winter. Good as a groundcover, or cascading over walls or banks. Full sun to partial shade, average, well-drained soil. Blooms on old wood, prune to shape after blooming.	34.95 (25)
Rockspray Cotoneaster	Cotoneaster horizontalis 'Rock Spray'	5	30-60cm	1.5 - 2.4m		Dense, semi-prostrate habit. Branches are arranged in attractive herringbone pattern. Pink flowers, bright red berries in fall. Lustrous green leaves turn showy red-purple in fall. Full sun to partial shade, well-drained soil. Effective on banks and slopes, groundcover (two plants per m <sup>2</sup> ).	19.95 (70)
Spreading Willowleaf Cotoneaster	Cotoneaster salicifolius 'Repens'	6	30cm	2.4m		<b>Evergreen.</b> Fast and easy to grow pest resistant evergreen groundcover. White flowers give way to red fruit in fall. Drought tolerant when established. Full sun to light shade, well-drained soil. More fruit is produced if situated in full sun.	18.95 (7) 22.95 (20)
Streibs Findling Bearberry Cotoneaster	Cotoneaster dammeri 'Streibs Findling'	6	15cm	2.4m		Excellent flat growing semi-evergreen groundcover. Tiny, blue-green leaves (not as glossy as 'Coral Beauty', white flowers followed by showy red berries. Good for banks, berms, cascading over walls.	21.95 (8)
Thyme-leaf Cotoneaster	Cotoneaster microphyllus 'Thymifolius'	6	60cm	1m		Very tiny, evergreen, glossy-green leaves, small arching branches, showy red fruit. Good as a groundcover, rock gardens, fairy garden, bonsai plantings.	39.95 (4)
Tom Thumb Cranberry Cotoneaster	Cotoneaster apiculatus 'Tom Thumb'	5	30 - 60cm	1.5m		Spreading branches form an interesting herringbone pattern. Glossy green leaves turn red in fall before leaf drop. White flowers in spring from pink buds, produce large, showy, red berries in fall, persisting into winter. Excellent, cascading groundcover. Best in full sun.	29.95 (17)
<b>Daphne</b>	<b>Daphne</b>					<b>Shelter from winter wind. Very fragrant.</b>	
Burkwood Daphne	Daphne x burkwoodii	5	1 - 1.2m	1 - 1.2m		Hybrid cross (D. caucasica x D. cneorum). Mounding, semi-evergreen shrub with pink buds in spring opening to small, white to light-pink, very fragrant, tubular flowers. May re-flower sporadically again in fall. One of the easiest Daphne's to grow. Slow growing.	49.95 (15)
Briggs Moonlight Daphne	Daphne burkwoodii 'Briggs Moonlight'	5	1m	1.2m		Creamy-yellow leaves and narrow margins of green. Pink buds open to to white very fragrant flowers. Slow growing.	29.95 (12) (20) 39.95 (1)
Lunar Eclipse Daphne	Daphne burkwoodii 'Lunar Eclipse'	5	1m	1m		Showy, semi-evergreen foliage. Green leaves with a narrow, yellow center. Very fragrant, soft-pink to white, tubular flowers in spring. Slow growing.	49.95 (15)

<b>Broadleaf Evergreens 2018</b>								
<b>Blue - New 2018</b>								
<b>Common Name</b>	<b>Latin name</b>	<b>Zone</b>	<b>Ht (cm/m)</b>	<b>Spr (cm/m)</b>	<b>NS Native</b>	<b>Description</b>		<b>red - Three or less in stock blue - New 2018 Price/(#Stock)</b>
Ruby Glow Rose Daphne	Daphne cneorum 'Ruby Glow'	5	25 - 30cm	50 - 60cm		Slow, mounding habit, with very small, fine-textured green leaves. Intensely fragrant pink flowers bloom in early spring then sporadically during summer, with a smaller flush in fall, producing yellow-brown seeds that are visible in summer. Plant in area protected from NW winter winds. Partial shade, very well-drained soil. Mulch for added winter protection. Note: this plant does not like to be moved after it's established.		39.95 (8)
Lawrence Crocker Dwarf Daphne	Daphne x medfordensis 'Lawrence Crocker'	6	20 - 30cm	20 - 30cm		Low mounding evergreen shrub, glossy, dark-green leaves. Large clusters of soft lavender-pink flowers with the most intoxicating sweet and pleasant fragrance in May to June. Protected site away from NW wind. Partial shade, evenly moist, neutral to acidic, well-drained soil. Mulch root zone for winter protection. Slow-growing.		29.95 (8)
<b>Euonymus</b>	<b>Euonymus</b>							
Blondy® Euonymus	Euonymus fortunei 'Interbolwi' (Blondy)	5	45 - 60cm	60cm		Low, compact growth habit. Tidy, mounded shape. Bold, dark-green leaves with large, bright-yellow centers, on bright-yellow stems. Makes a great, low-maintenance evergreen accent or low hedge.		29.95 (6) 34.95 (1) 35.95 (25)
Emerald Gaiety Euonymus	Euonymus fortunei 'Emerald Gaiety'	5	1.2m	1m		Variegated green and silver, can be grown as a climber		29.95 (1) (20)
Emerald 'N Gold Euonymus	Euonymus fortunei 'Emerald 'N Gold'	5	.6 - 1.2m	60cm		Variegated dark glossy green and vivid distinctive yellow margins,		29.95 (9) 34.95 (9)
Moonshadow Euonymus	Euonymus fortunei 'Moonshadow'	5	1m	2m		Low growing, mounding shape, deep green leaves have a prominent yellow blotch in center. Full sun to partial shade.		29.95 (1) 39.95 (30)
Sarcoxie Euonymus	Euonymus fortunei 'Sarcoxie'	5	2m	1m		Vigorous, upright growth habit. Oval, glossy green leaves. Spring clusters of insignificant greenish flowers produce pinkish-white fruits which crack open to expose orange seeds in fall, attractive to birds. Will climb with support. Partial to full shade, well-drained soil. Drought tolerant.		25.95 (1) 26.95 (2) 31.95 (15)
Summer Sun Euonymus	Euonymus fortunei 'Mikaela' (Summer Sun)	5	50-60cm	.8 - 1m		Tidy, mounded habit, new growth has yellow stems. Glossy, medium-green leaves with yellow centers. Berries produced in early summer, break open in fall to reveal attractive, orange seeds.		29.95 (2)
Surespot Euonymus	Euonymus fortunei 'Surespot'	5	1m	1m		A sport of Sunspot, glossy-green leaves with bright-gold centers. Berries are produced in June, split open in fall to reveal showy, pink seeds.		29.95 (4) 34.95 (15)
(BP - Corner by pool) Euonymus	Euonymus fortunei	5						24.95 (43)
<b>Salal / Shallon / Teaberry</b>	<b>Gaultheria</b>				<b>Yes</b>	<b>NS Native Species</b>		
Eastern Teaberry	Gaultheria procumbens	4	10-15cm	25-30cm	<b>Yes</b>	<b>NS Native species.</b> Small, soft-pink bell flowers in June and July, followed by large, edible, persistent, scarlet-red fruit. Glossy, evergreen foliage turns bronze in winter. Slow-growing groundcover, plant 30cm apart. Attracts bees and birds. Prefers partial shade to shade, moist, acidic soil		15.95 (32) (25)

<b>Broadleaf Evergreens 2018</b>								
<b>Blue - New 2018</b>								<b>red - Three or less in stock</b>
<b>Common Name</b>	<b>Latin name</b>	<b>Zone</b>	<b>Ht (cm/m)</b>	<b>Spr (cm/m)</b>	<b>NS Native</b>	<b>Description</b>		<b>blue - New 2018 Price/(#Stock)</b>
Peppermint Pearl-Teaberry SOLD OUT	Gaultheria procumbens- 'SpecGP11' (Peppermint Pearl)- SOLD OUT	4	15cm	30cm		NS native cultivar. Delicate, bell-shaped white flowers in early summer, produce large, edible, persistent, white fruit. Glossy, evergreen foliage takes on reddish tones in fall & winter. Slow-growing evergreen groundcover, plant 30cm apart. Attracts bees & birds. Prefers partial shade to shade, moist, acidic soil.		17.95 (15)
<b>Holly / Inkberry</b>	<b>Ilex</b>					<b>Fruit attractive to birds - Shelter from Winter Wind</b>		
Ferox Argentea (Male) Hedgehog English Holly	Ilex aquifolium 'Ferox Argentea' (Hedgehog)	6 to 7	2.75m	1.75m		Upright, mounded shape. Male, very ornamental, but prickly, variegated foliage, green with white edge, does not produce fruit. Both leaf edges and surfaces are spiny. Requires site protected from NW winter winds. Full sun to partial shade, well-drained acidic soil.		39.95 (6)
J.C. van Tol (Female) English Holly	Ilex aquifolium 'J.C. van Tol'	6	4.5m			Self-fertile, female holly, dark green, almost spineless leaves. Tiny, white spring flowers produce abundant, showy red berries, attractive to birds. Shade tolerant. Well-drained soil. Protect from winter NW winds.		39.95 (2)
Dragon Lady Hybrid Holly	Ilex x aquipernyi 'Meschick' (Dragon Lady)	6b	3 - 6m	1.2 - 2m		Hybrid (I. aquifolium x I. pernyi) Upright, symmetrical, very narrow, pyramidal form. Female cultivar. Male blue holly (Ilex x meserveae) serves as a pollinator. Evergreen, spiny, dark-green leaves, with attractive, scarlet-red fruits, maturing in fall, remaining throughout winter until picked clean by songbirds. Full sun to partial shade. Moist, well-drained soil. Site protected from exposure to winter NW winds.		39.95 (15)
Beehive (Male) Japanese Holly	Ilex crenata 'Beehive'	6	.6 - 1m	1 - 1.2m		Dwarf, rounded habit. Small, shiny, dark-green, evergreen leaves. Male cultivar, does not produce fruit. Easily pruned or sheared to maintain shape. Full sun to light shade, moist, well-drained, acidic soil. Site protected from winter NW winds.	24.95 (2)	39.95 (11)
Convex (Female) Japanese Holly	Ilex crenata 'Convexa'	5	2 - 2.5m	1.5 - 2m		Mounded habit, small, dark-green evergreen leaves in a distinctive, convex shape. Self-fertile, tiny white flowers produce small black berries. Can be sheared for shape. Faster growing than boxwood. Full sun to partial shade, moist, well-drained acidic soil. Tolerates drought once established. Site protected from winter NW winds.		29.95 (25)
Green Dragon (Male) Japanese Holly	Ilex crenata 'Green Dragon'	6	.6 - 1m	.4 - 1m		Dwarf, densely packed, irregular, upright grower. Small dark-green, evergreen leaves. Male cultivar does not produce fruit. Full sun to partial shade, moist, well-drained soil. Tolerates drought once established. Slow-growing, good for bonsai.		39.95 (5)
Heller's (Female) Japanese Holly	Ilex crenata 'Helleri'	6	.6 - 1.2m	1 - 1.5m		Dwarf, rounded habit. Small, shiny, dark-green, evergreen leaves, self-fertile female variety that infrequently produces flowers or fruit. Full sun to partial shade, moist, well-drained soil.		18.95 (2)
Jersey Pinnacle (Male) Japanese Holly	Ilex crenata 'Jersey Pinnacle'	6	2 - 2.5m	.6 - 1.2m		Upright, dense growth habit. Glossy, dark green leaves. Prune to maintain size and shape. Male variety does not produce fruit. Full sun, to partial shade, moist, well-drained soil. Site protected from NW winter winds.		39.95 (16)
