

FERNS 2017							Red - Three or less in stock
Blue - New 2017							Blue - New 2017
Common Name	Latin Name	Zone	Height (inches)	Spread (inches)	Description	Exposure	Price/(Stock)
Maidenhair Fern	Adiantum pedatum				Deer Resistant		
Maidenhair Fern	Adiantum pedatum	4	12-24"	24-30"	Native. Thin black stems with airy, lacy green leaves. Spreads slowly. Moist, humusy, acidic soil.	PSH-SH	13.95 (19) (30)
Hart's Tongue Fern	Asplenium / syn. Phyllitis				Deer Resistant		
Hart's Tongue Fern	Asplenium scolopendrium	5	12-24"	12-18"	Native. Evergreen, upright, undivided strap-like leaves, leathery texture. Prefers shaded, cool sites, moist, well-drained, humusy, slightly alkaline soil. Will not tolerate drought.	SH	13.95 (18) (20) 16.95 (29)
Angustifolia (Ruffled) Hart's Tongue Fern	Asplenium scolopendrium 'Angustifolia'	5	12-18"	12-18"	Evergreen, strap-like leaves with deeply serrated, frilly margins. Prefers shaded, cool sites, moist, well-drained, slightly alkaline soil.	SH	16.95 (3)
Crested Hart's Tongue Fern	Asplenium scolopendrium 'Cristata'	5	18-24"	18-24"	Shiny, evergreen, strap-like leaves, frilled and ruffled, with forked tips. Prefers shaded, cool sites, moist, well-drained, humusy, slightly alkaline soil.	SH	16.95 (2)
Lady Fern / Japanese Painted Ferns	Athyrium				Deer Resistant		
Lady Fern	Athyrium filix-femina	4	12-36"	12-30"	Native. Finely textured green fronds, arching habit. Somewhat tolerant of sun, only if soil is moist.	PSH-SH	8.95 (11) 13.95 (7)
Lady in Red Fern	Athyrium filix-femina subsp. angustum f. rubellum 'Lady in Red'	4	30"	30"	Light-green fronds with burgundy-red stems, brighter red colour when planted in partial shade. Moist, well-drained, humusy soil.	PSH-SH	12.95 (18)
Japanese Painted Fern	Athyrium niponicum var. pictum	5	12-18"	12-18"	Soft, grey-green with overlay of silvery hues, with contrasting maroon midribs and stems. Moist, well-drained, humusy soil.	PSH-SH	13.95 (21)
Apple Court Japanese Painted Fern	Athyrium niponicum var. pictum 'Apple Court'	5	24"	12-18"	Like the Japanese Painted Fern, but frond tips are crested (split).	PSH-SH	13.95 (8)
Ghost Japanese Painted Fern	Athyrium 'Ghost'	5	24-36"	18-24"	A hybrid of (A. niponicum var. pictum x A. filix-femina), noted for it's upright, silvery foliage, dark purple stems.	PSH-SH	13.95 (16)
Godzilla Japanese Painted Fern	Athyrium niponicum 'Godzilla'	5	18 -36"	36"	Silver, purple and green fronds tower above other painted ferns. Massive arching clump, with dark purple stems.	PSH-SH	13.95 (36) (20)
Regal Red Japanese Painted Fern	Athyrium niponicum var. pictum 'Regal Red'	5	12-18"	18-23"	Arching, triangular-shaped silver leaves with contrasting red stems in each leaflet. Moist, well-drained humusy soil.	PSH-SH	13.95 (17) (36)

FERNS 2017							Red - Three or less in stock
Blue - New 2017							Blue - New 2017
Common Name	Latin Name	Zone	Height (inches)	Spread (inches)	Description	Exposure	Price/(Stock)
Vidals Japanese Lady Fern	Athyrium vidalii	6	18-30"	18-30"	Graceful fern with a open habit. New growth has a red flush. Native to eastern Asia. Moist, well-drained, acidic, humusy soil. Shelter from strong winds.	PSH-SH	13.95 (20)
Deer Fern	Blechnum				Deer Resistant		
Deer Fern	Blechnum spicant	6	18"	12-24"	Two different types of fronds: evergreen sterile, outward spreading, dark-green, leathery. Non-evergreen, fertile, erect, vertical, which die back at end of summer. Needs humus-rich, moist, acidic soil. Native to Pacific Northwest.	PSH-SH	13.95 (1)
Japanese Holly Fern	Cyrtomium				Deer Resistant		
Japanese Holly Fern (Fortune's Cold Holly Fern)	Cyrtomium fortunei	6	12-24"	12-18"	Evergreen, stiff, upright-dull green fronds, will add a soft look to the shade garden. Fast grower, tall erect habit. Native to Asia. Site in sheltered location. Moist, humusy soil, good drainage is essential.	PSH-SH	13.95 (1)
Male Fern / Wood Fern	Dryopteris				Deer Resistant		
Dixie Wood Fern	Dryopteris x australis	5	36-48"	24-36"	Young fronds emerge yellow, changing to green. Vase-shaped, clump-forming. Moist, well-drained, humusy, acidic soil.	PSH-SH	19.95 (10)
Clinton's Woodfern	Dryopteris clintoniana	4	24-48"	24-48"	Native Semi-evergreen, clump forming and spreading with large broad leathery fronds. Requires moist, wet, humusy soil.	PSH-SH	13.95 (8)
Crispa Male Fern	Dryopteris filix-mas 'Crispa'	5	12-14"	14-16"	Crimped and ruffled, triangular green fronds. Clump-forming, well-behaved fern.	PSH-SH	13.95 (3)
Crested Male Fern	Dryopteris filix-mas 'Crispa Cristata'	5	24"	24"	Curled, forked and twisted, densely feathered fronds, interesting texture. Moist, well-drained soil.	PSH-SH	12.95 (9)
Autumn Fern	Dryopteris erythrosora	5	24"	24"	Arching, vase-shaped clump. New fronds open a striking coppery-pink colour, maturing to glossy, deep-green. Moist, well-drained soil. Native to Eastern Asia.	PSH-SH	13.95 (17)
Goldie's Wood Fern	Dryopteris goldiana	4	36-48"	24-36"	Native One of the largest native ferns. Slow, spreading ground cover, forming large clusters. Arching light green fronds. Moist, well-drained soil.	PSH-SH	13.95 (2)

FERNS 2017							Red - Three or less in stock
Blue - New 2017							Blue - New 2017
Common Name	Latin Name	Zone	Height (inches)	Spread (inches)	Description	Exposure	Price/(Stock)
Lacy Crested Buckler Fern /Crested Wood Fern	Dryopteris dilatata 'Lepidota Cristata'	5	12-18"	12-24"	Medium-sized clump of crested, very finely-divided, dark green, lacy fronds. Trim old fronds in spring. Prefers rich, consistently moist soil, partial to full shade.	PSH-SH	13.95 (12)
Slender Crested Male Fern	Dryopteris filix-mas 'Linearis Polydactyla'	5	36-48"	36-48"	Interesting and unusual form. Very airy in appearance, fronds are multi-forked, almost finger-like. Rich, moist, well-drained soil.	PSH-SH	13.95 (36)
Parsley Male Fern	Dryopteris filix-mas 'Parsley'	5	18-24"	18-24"	Clump of crested, crinkled, dark green fronds, resemble curled parsley. Vigorous and robust grower.	PSH-SH	13.95 (16)
Remote Wood Fern / Buckler Fern	Dryopteris remota	5	24-30"	18-24"	Hybrid of (<i>D. affinis</i> x <i>D. expansa</i>). Native to Europe. Semi-evergreen, upright form, lacy, glossy medium green fronds. Moist, well-drained, acidic soil, bright shade. Protect from wind.	PSH-SH	13.95 (11)
Robust Male Fern / Buckler Fern	Dryopteris x complexa 'Robust'	4	36-48"	36-48"	Elegantly arching, somewhat ruffled in appearance. New fronds open light-green, mature to darker green. Clump forming, vigorous growth habit. Rich, moist, well-drained soil. Will tolerate moderate drought once established. Partial to full shade.	PSH-SH	13.95 (4)
Toothed Wood Fern	Dryopteris spinulosa	4	18-30"	18-30"	Native A semi-evergreen, easy to grow fern that produces clumps of airy triangular blades of rich green color into autumn.	PSH-SH	13.95 (5)
Ostrich Fern /Shuttlecock Fern	Matteuccia				Deer Resistant		
Ostrich Fern	Matteuccia struthiopteris	3	36 - 72"	60"	Native Vase shape, spreads by runners, moist to wet soil. Excellent planted near water. Among the first ferns to flush in spring, the source of edible fiddleheads.	PSH-SH	13.95 (11) 16.95 (20) 24.95 (12)
The King Ostrich Fern	Matteuccia struthiopteris 'The King'	3	36 - 84"	60"	Vase-shaped, huge, plume-like fronds. Spreads vigorously by underground rhizomes.	PSH-SH	13.95 (4)
Cinnamon Fern / Royal Fern	Osmunda						
Cinnamon Fern	Osmunda cinnamomea	4	24-36"	24-36"	Native Large, upright fronds, also stiff cinnamon-colored spore-bearing fronds emerge from center of plant. Medium to wet soil.	PSH-SH	13.95 (11)

FERNS 2017							Red - Three or less in stock
Blue - New 2017							Blue - New 2017
Common Name	Latin Name	Zone	Height (inches)	Spread (inches)	Description	Exposure	Price/(Stock)
Royal Fern	Osmunda regalis	4	24-36"	24-36"	Native Massive crown above the ground. Coppery colored deciduous fronds. Are green then yellow-brown. Grows in clumps, requires moist soil.	PSH-SH	13.95 (4)
Purple Royal Fern	Osmunda regalis 'Purpurascens'	5	24-48"	24-48"	A truly unique and spectacular fern! Wine-purple fountain of fronds in spring, changing to green. Wonderful when combined with burgundy-leaved heucheras. Prefers moist to wet, humusy soil.	PSH-SH	13.95 (2)
Christmas Fern / Sword Fern	Polystichum						
Christmas Fern	Polystichum acrostichoides	4	12-24"	12-24"	Native. In spring young fiddleheads are silvery, opening to deep green evergreen fronds. Require moist, well-drained, acidic soil.	PSH-SH	13.95 (17)
Soft Shield Fern (Soft Needle Fern)	Polystichum setiferum	5	24"	24"	Lance-shaped, semi-evergreen, glossy fronds. Soft, bristle-like teeth along margin. Moist, well-drained, humusy soil.	PSH-SH	13.95 (4)
Herrenhausen Soft Shield Fern / Holly Fern	Polystichum setiferum 'Herrenhausen'	5	24"	24"	Semi-evergreen, soft feathery textured, light green fronds form a tight clump. Moist, well-drained, humusy soil.	PSH-SH	13.95 (16)
Beech Fern / Marsh Fern	Thelypteris						
Japanese Beech Fern	Thelypteris decursive-pinnata	5	12-24"	12-18"	Narrow, upright, pale-green fronds that turn yellow in fall. Slowly spreads by runners. Moist, well-drained soil.	PSH-SH	13.95 (4)
Northern Marsh Fern	Thelypteris palustris	4	18-24"	18-24"	Native. Lush bright green fronds, requires wet soil, sun to partial shade. Spreading habit, long creeping rhizomes.	PSH-SH	13.95 (11)
