| Variegated Lizard's Tail             | Saururus cernuus 'Variegatus'                 | 4           | 12-24"     | 6"           |             |                  | <b>Marginal.</b> Perennial. Rhizomatous plant, will form colonies. Variegated green and white, heart-shaped leaves, zig-zag stems, tiny, fragrant white flowers packed into slender, tapered, spike-like racemes that droop at the tip. Nodding flower/fruit resemble lizard's tails. Citrus fragrance. FRG.   |  | 11.95 (4)            |
| Chadd's Ford Fragrant Lady's Tresses | Spiranthes cernua var. odorata 'Chadd's Ford' | 5           | 12"        |              | 12"         | <b>Yes</b>       | <b>Marginal.</b> Perennial. <b>NS Native cultivar.</b> Easy to grow, native orchids form silvery-green, ground-hugging rosettes, slowly form colonies in moist soils, bogs or swamps. This cultivar produces extra-large, fragrant white flowers that spiral upward, late summer to fall. Best in partial shade. Plants spread slowly by rhizomes. Attractive to bees & butterflies. FRG |  | 12.95 (13)           |
| Narrow-leaved Cattail                | Typha angustifolia                            | 3           | 48-72"     | 3m+          |             | <b>Yes</b>       | <b>Marginal.</b> Perennial. <b>NS Native species.</b> Flat, grey-green, sword-like leaves arise from base, turning bright yellow in the fall. Spreads by creeping rhizomes to form colonies at edges of ponds. Velvet-brown, cylindrical flowers are often used for fresh or dried flower arrangements, attractive to birds. Blooms June to July.  |  | 12.95 (34)           |
