

Broadleaf Evergreens 2021 Blue - New 2021 Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description	red - Three or less in stock blue - New 2021-Supplier Price/(#Stock)
Bog Rosemary	Andromeda polifolia				Yes	NS Native Species - Shelter from winter wind	
Blue Ice Bog Rosemary	Andromeda polifolia 'Blue Ice'	3	60cm	1m		Low, mounded, spreading form. Small white bell-shaped flowers with pink overtones in spring. Fine-textured, icy-blue, needlelike foliage all year. Prefers full sun to partial shade, rich, moist to wet acidic soil, will tolerate some standing water. Slow-growing.	17.95 (30) 24.95 (7)
Arizona Madrone	Arbutus arizonica					Deer Resistant - Protect from NW winter winds	
Arizona Madrone	Arbutus arizonica	6b - 7	5 - 6m			Native to mountains of Arizona. Small, delicate tree. Glossy, dark-green leaves with paler undersides. Early spring, white to pale-pink, urn-shaped flowers produce orange fruit, persisting into winter. Exfoliating bark, plated with grey and cream colours, with exposed reddish patches. Full sun, well-drained soil. Drought tolerant but prefers regular watering. Needs a very protected site. Or grow in a container, overwinter indoors.	
Bearberry / Kinnikinick / Manzanita	Arctostaphylos				Yes	NS Native Species - Deer Resistant - Evergreen groundcover - Fruits attract birds	
Emerald Carpet Manzanita	Arctostaphylos 'Emerald Carpet'	7a	25 - 45cm	1 - 2m		Hybrid of (A. uva-ursi x A. nummularifolia) Low-growing, slightly mounding plant with small, deep-green, evergreen leaves, mahogany stems. Small clusters of white flowers in spring produce red berries. Does well in most acidic soil types, except heavy clay. Full sun to partial shade. Well-drained soil on the lean side. Avoid hot, dry locations, areas exposed to winter NW winds. Winter protection required in NS.	15.95 (10)
Little Leaf Massachusetts Kinnikinick	Arctostaphylos uva-ursi 'Little Leaf Massachusetts'	4	15 - 30cm	1 - 1.2m		Flat-growing, tiny, glossy-green evergreen leaves on reddish-brown stems. Spring, urn-shaped flowers produce a profusion of red berries. Foliage turns burgundy in cooler weather. Superb disease resistance. Good cascading down banks, over walls. Full sun to partial shade, sandy, well-drained soil.	12.95 (16)
Massachusetts Kinnikinick	Arctostaphylos uva-ursi 'Massachusetts'	4	15 - 30cm	40cm		Small, lustrous evergreen mat of foliage, urn-shaped, flowers in spring, produces attractive red fruit by late summer into winter. Foliage red-gold in fall. Best in acidic, well-drained sandy infertile soil. Excellent disease resistance variety. Full sun to partial shade, sandy, well-drained soil.	12.95 (13)

Blue - New 2021								
Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description		red - Three or less in stock blue - New 2021-Supplier Price/(#Stock)
Japanese Laurel	Aucuba					Tender evergreen, overwinter indoors		
Mr. Goldstrike Japanese Laurel	Aucuba japonica 'Mr. Goldstrike'	7	1.2m	1.2m		Male cultivar, striking foliage, glossy, heavily spotted gold evergreen leaves. Upright panicles of tiny, reddish-purple, male flowers bloom in early spring. Does not produce fruit. Partial sun to shade. Moist, well-drained soil. Makes a fabulous, unique ornamental plant in a container. Move container indoors in cool room for the winter.		24.95 (9)
Boxwood	Buxus					Deer Resistant - Shelter from winter wind		
Common (English/European) Boxwood	Buxus sempervirens	5				Foliage elliptic to oval, glossy-green green above, yellowish-green below. Prefers full sun to partial shade, evenly moist soil, well-drained soil. Easy pruned to keep in shape, best pruned in early summer. Shallow root system, mulch to conserve moisture.		39.95 (1) 49.95 (6)
Golden Variegated English Boxwood	Buxus sempervirens 'Aureo-Variegata'	5	1.2 - 1.5m	1.2 - 1.5m		Variegated foliage, green with creamy-yellow margins. Slow growing. Prune to shape. Full sun to partial shade, moist, well-drained soil.		39.95 (15)
Denmark Common Boxwood	Buxus sempervirens 'Denmark'	6	2m+	2m+		Large, upright pyramidal shape. Larger, glossy-green leaves. Slow growing.		34.95 (7) 49.95 (5)
Faulkner Littleleaf Boxwood	Buxus microphylla 'Faulkner'	5	1.2m	1m		Dwarf, slow growing. Glossy, dense, bright-green foliage in summer, bronze-tinged in winter. Upright growth habit, easily pruned into a hedge or topiary.		17.95 (9) 29.95 (15) 39.95 (4)
Green Mountain Hybrid Boxwood	Buxus 'Green Mountain'	5	1.5m	1m		Sheridan Nurseries hybrid. Upright selection, wide pyramidal oval. Can be sheared as an accent plant. Glossy, dark green leaves, all year. Slow growing.		24.95 (95) 29.95 (1) 39.95 (12) 49.95 (2) 59.95 (6) 79.95 (20 Bak) (20 Sid)
Green Velvet Hybrid Boxwood	Buxus 'Green Velvet'	5	1.2m	1.2m		Sheridan Nurseries hybrid. Rounded, full bodied type. Glossy, dark green foliage, all year. Slow growing.		16.95 (1) 24.95 (96) 29.95 (5) 44.95 (40 Ca)
Pincushion Korean Littleleaf Boxwood	Buxus sinica var. insularis 'Pincushion'	5	45cm	60cm		Low, mounded shape, leaves rounded, ovate, light-green, turn bronze tones in winter. Slow growing.		29.95 (19) 52.95 (25 NVK)
Schmidt English Boxwood	Buxus sempervirens 'Schmidt'	5	1.2 - 2m	1 - 1.2m		Hardy English boxwood. Oval, upright shape, dark green foliage, all year. Slow growing.		34.95 (1) 39.95 (8) 49.95 (28) 59.95 (30) 79.95 (23)
Edging English Boxwood (True Dwarf)	Buxus sempervirens 'Suffruticosa'	5	30 - 60cm	30 - 60cm		Dwarf, slow growing. Excellent pruned as a low hedge or edging plant. Good resistance to leaf miner.		29.95 (11) 39.95 (130)
UMO Korean Littleleaf Boxwood	Buxus sinica var. insularis 'UMO'	5	90cm	1.2m		Upright shape, green leaves may turn bronze in winter. Slow growing.		21.95 (6) 39.95 (6) 49.95 (5)
Vardar Valley English Boxwood	Buxus sempervirens 'Vardar Valley'	6	60 - 90cm	1.2 - 1.5m		Dense, compact, low-growing, flat-topped mounded form, medium green leaves with a blue hue. Full sun to partial shade, moist well-drained soil. Shallow root system, mulch to conserve moisture. Good resistance to leaf miner.		59.95 (2)

Variegata English Boxwood	Buxus sempervirens 'Variegata'	5	1.2 - 1.5m	1.2 - 1.5m		Variegated foliage, green with ivory-white margins. Slow growing. Prune to shape. Full sun to part shade, moist, well-drained soil.	22.95 (3)
Boxwood	Buxus sp.	5				Rounded form, small evergreen leaves.	16.95 (5) 29.95 (11) 39.95 (14) 59.95 (1)
BP (Briar Patch)	Buxus sp.	5				Upright boxwood, (planted around our pool fence). Glossy green foliage. Excellent hedging variety.	15.95 (6)
Round Form	Buxus sp.	5				Rounded form. Small evergreen leaves.	49.95 (16) 59.95 (51) 69.95 (10)
Upright Boxwood	Buxus sp.	5				Upright growth habit. Great for use as a medium hedge	15.95 (2) 16.95 (3) 29.95 (6) 39.95 (4)
Formed Topiary Boxwoods	Buxus (Formed Topiary Boxwoods)					Deer Resistant	
Boxwood Patio Planter	Buxus	5				Hedge-shaped boxwoods planted in terra cotta coloured planters. Keep pruned to shape.	129.95 (7)
Green Mountain Clipped Cone	Buxus 'Green Mountain' (cone)	5				Most upright, ideal for growing in a pyramid. Sheared to look like a pyramid	79.95 (1)
Green Mountain Spiral	Buxus 'Green Mountain' (spiral)	5				Upright, pruned into spiral shape.	249.95 (3)
PomPom Clipped Boxwood	Buxus (pompom)	5				Boxwoods pruned in a formal, pompom shape.	189.95 (2)
Japanese Camellia	Camellia japonica					Deer Resistant - Shelter from winter wind.	
April Tryst Japanese Camellia	Camellia japonica 'April Tryst'	6b	2m	1m		Species native to China, Korea, Japan. One of the April Series of Camellia was developed by Dr. Clifford Parks of Chapel Hill, NC, USA. Upright, to rounded form. Glossy, dark-green, evergreen leaves contrast against smooth, grey bark. Very early spring, fragrant double red, 3-4 inch diameter flowers. Prune, if needed, right after flowering. Full sun to partial shade. Rich, evenly moist, acidic, well-drained soil. Needs a very protected spot. FRG	39.95 (24)
Cotoneaster (Evergreen)	Cotoneaster (Evergreen)					Deer Resistant - Attracts pollinators, birds.	
Cotoneaster (Deciduous) - see Flowering Shrubs 2021 List							
Daphne	Daphne					Deer Resistant - Shelter from winter wind. Very fragrant.	

Broadleaf Evergreens 2021									
Blue - New 2021									red - Three or less in stock
Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description			blue - New 2021-Supplier Price/(#Stock)
Burkwood Daphne	Daphne x burkwoodii	5	1 - 1.2m	1 - 1.2m		Hybrid cross (D. caucasica x D. cneorum). Mounding, semi-evergreen shrub with pink buds in spring opening to small, white to light-pink, very fragrant, tubular flowers. May re-flower sporadically again in fall. One of the easiest Daphne's to grow. Slow growing. Full sun to partial shade.			49.95 (4) 54.95 (7)
Carol Mackie Daphne	Daphne x burkwoodii 'Carol Mackie'	5	0.6 - 1m	1 - 1.2m		Variegated green & creamy-white leaves, often persists into winter. Clusters of very fragrant, light-pink flowers in late spring. Slow growing. Full sun to partial shade.			59.95 (6)
Lunar Eclipse Daphne	Daphne burkwoodii 'Lunar Eclipse'	5	1m	1m		Showy, semi-evergreen foliage. Green leaves with a narrow, yellow center. Very fragrant, soft-pink to white, tubular flowers in spring. Slow growing. Full sun to partial shade.			
Two Tones Daphne	Daphne X burkwoodii 'Rosemarie'	3	1m	1m		Green leaves with a bright yellow margin. Not as likely to revert as some cultivars. Holds it's color well throughout the season. Cold hardy			69.95 (15 Bak)
Euonymus / Wintercreeper	Euonymus					Drought tolerant - Full sun to partial shade - Tolerates full shade - Moist, well-drained soil			
Blondy® Euonymus	Euonymus fortunei 'Interbolwji' (Blondy)	5	0.5 - 0.6m	0.5 - 0.6m		Tidy, mounded habit with yellow, immature stems. Glossy, medium-green leaves with bright, yellow centres that retain colour in fall. Showy berries produced in June split open in fall to reveal showy, orange seeds. Makes a great, low-maintenance evergreen accent or low hedge. Proven Winner variety.			29.95 (6) 35.95 (17)
Canadale Gold Euonymus	Euonymus fortunei 'Canadale Gold'	5	1.25m	1.5m		Spreading, irregular mounded habit. Bright golden, yellow leaves with a splash of light green in the center. Full sun to part shade. Average, medium moisture, well drained soils. Very versatile - can be used as a groundcover, foundation plant, or will climb.			42.95 (15 Ca) 49.95 (10 Bak)
Dan's Delight Euonymus	Euonymus fortunei 'Dan's Delight'	5	100-125 cm	80-100 cm		Mounding, compact habit. Blue grey foliage with wide creamy margins. Full sun/part shade. Shade helps keep leaves white. Moist, well drained soil.			42.95 (15 Ca)
Emerald Gaiety Euonymus	Euonymus fortunei 'Emerald Gaiety'	5	1 - 1.2m	0.8 - 1m		Upright, mounding habit. Medium-green leaves with irregular, creamy-white margins, turn pinkish in fall. Will climb if provided support. Full sun to partial shade. Moist, well-drained soil.			29.95 (30 L)

Broadleaf Evergreens 2021								
Blue - New 2021 Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description		red - Three or less in stock blue - New 2021-Supplier Price/(#Stock)
Emerald 'N Gold Euonymus	Euonymus fortunei 'Emerald 'N Gold'	5	1 - 1.2m	0.8 - 1m		Mounding, spreading habit. Glossy, green leaves with showy, irregular, gold margins, turn pinkish in fall.	29.95 (5)	39.95 (2)
Ivory Jade Wintercreeper	Euonymus fortunei 'Ivory Jade'	5	0.6m	2m		Low, spreading form. Densely branched, green leaves with ivory margins that turn pink in cold weather. Full sun to light shade.		44.95 (15 Bak)
Moonshadow Euonymus	Euonymus fortunei 'Moonshadow'	5	0.5 - 0.6m	1 - 1.25m		Low growing, mounding shape, spreading habit. Deep green leaves have a prominent yellow "thumbprint" center. Foliage becomes pink-toned in winter. Full sun to partial shade.	19.95(15)	39.95 (9) 42.95 (30 Ca)
Paloma Blanca Euonymus	Euonymus japonicus 'Lankveld03' (Paloma Blanca)	6b	0.7m	0.7m		Compact shrub with upright form. Dark green foliage with showy brilliant-white new growth in spring. Little to no pruning required. Full sun to partial shade, moist, well-drained soil. Site in location protected from NW winter winds, mulch for added winter protection.		39.95 (7)
Sarcoxie Euonymus	Euonymus fortunei 'Sarcoxie'	5	1 - 1.2m	1 - 1.2m		Vigorous, upright growth habit. Oval, glossy green leaves are partially white-veined. Spring clusters of insignificant greenish flowers produce pinkish-white fruits which crack open to expose orange seeds in fall, attractive to birds. Will climb with support. Partial to full shade, well-drained soil. Drought tolerant.	26.95 (1)	39.95 (17)
Surespot Euonymus	Euonymus fortunei 'Surespot'	5	0.8 - 1m	0.8 - 1m		A sport of Sunspot. Compact form, glossy-green leaves with bright-gold centers. Berries are produced in June, split open in fall to reveal showy, pink seeds.	19.95 (20)	22.95 (2) 44.95 (20 AVK)
Vegetus Wintercreeper	Euonymus fortunei 'Vegetus'	5	1 - 1.2m	1 - 1.2m		Spreading, mounding habit. Glossy, cupped, medium-green leaves retain their colour in the fall/winter. Inconspicuous green flowers produce berries in early summer, that split open to reveal orange seeds.		39.95 (3)
(BP - Corner by pool) Euonymus	Euonymus fortunei	5				Our own propagated variety, with variegated yellow and green leaves.		24.95 (32)
Salal / Shallon / Teaberry	Gaultheria				Yes	Deer Resistant - Attracts birds		
Eastern Teaberry	Gaultheria procumbens	4	10-15cm	25-30cm	Yes	NS Native species. Small, soft-pink bell flowers in June and July, followed by large, edible, persistent, scarlet-red fruit. Glossy, evergreen foliage turns bronze in winter. Slow-growing groundcover, plant 30cm apart. Attracts bees and birds. Prefers partial shade to shade, moist, acidic soil		18.95 (40 L)

Broadleaf Evergreens 2021								
Blue - New 2021								red - Three or less in stock
Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description		blue - New 2021-Supplier Price/(#Stock)
Salal	Gaultheria shallon	6	0.6m	1.2 - 3m		Native to PNW, understory, spreading, evergreen shrub. Erect branches of oval-shaped, leathery green leaves. Pendant, urn-shaped, white to pink, spring flowers, produce reddish stems of edible, dark-purple, fleshy, sweet, mealy-tasting fruit, late summer to fall. Slow to establish. Partial shade to shade, moist, acidic soil. Good companion for Rhododendrons and ferns. Cut branches are attractive in floral arrangements. Plant in site away from exposure to winter NW wind.		12.95 (21)
Japanese Holly	Ilex crenata					Deer Resistant - Dioecious (Separate Male & Female Plants) - Fruit attractive to birds - Shelter from Winter Wind		
Beehive (Male) Japanese Holly	Ilex crenata 'Beehive'	6	0.6 - 1m	1 - 1.2m		Dwarf, rounded habit. Small, shiny, dark-green, evergreen leaves. Male cultivar, does not produce fruit. Easily pruned or sheared to maintain shape. Full sun to light shade, moist, well-drained, acidic soil. Site protected from winter NW winds.		24.95 (2)
Convexa (Female) Japanese Holly	Ilex crenata 'Convexa'	5	2 - 2.5m	1.5 - 2m		Mounded habit, small, dark-green evergreen leaves in a distinctive, convexed shape. Self-fertile, tiny white flowers produce small black berries. Can be sheared for shape. Faster growing than boxwood. Full sun to partial shade, moist, well-drained acidic soil. Tolerates drought once established. Site protected from winter NW winds.		29.95 (7) 39.95 (30) (20 Sid) 59.95 (10 Sid) 69.95 (3)
Dwarf Pagoda (Female) Japanese Holly	Ilex crenata 'Dwarf Pagoda'	6	1m	0.6m		Dwarf. Very tight, upright, sculptural, very slow-growing habit. Tiny, rounded, evergreen leaves grow in close layers, on short, stiff stems. Excellent in rock gardens, troughs. Protect from early frost, desiccating winter NW winds. New hybrid (I. 'Mariesii' x I. 'John Nosal') from Rutgers Univ breeding program, Female cultivar, will only produce tiny black fruit if male holly is nearby. Full sun to partial shade. Moist, well-drained acidic soil. Ht & spr 30 yrs.		49.95 (5)
Jersey Pinnacle (Male) Japanese Holly	Ilex crenata 'Jersey Pinnacle'	6	2 - 2.5m	0.6 - 1.2m		Upright, dense growth habit. Glossy, dark green leaves. Prune to maintain size and shape. Male variety does not produce fruit. Full sun, to partial shade, moist, well-drained soil. Site protected from NW winter winds.		39.95 (12)
Sky Pencil (Sky Sentry) (Female) Japanese Holly	Ilex crenata 'Sky Pencil' (Sky Sentry) Ilex crenata 'Hellari'	6	1.2 - 3m	0.3 - 1m		Vertical, dense, exceedingly narrow, pencil-like column. Small, dark-green, evergreen leaves. Female variety, requires a male for fruit production. In spring, tiny white flowers, if pollinated, produce inconspicuous, black, rounded fruit in fall.		39.95 (15 L)

Little Heath Japanese Andromeda	Pieris japonica 'Little Heath'	6	0.6m	1m		Compact habit. New leaves emerge pink, maturing to green with white variegation throughout the summer. Chains of white, urn-shaped flowers in spring. Slow growing.	39.95 (18) 44.95 (5)	
Mountain Fire Japanese Andromeda	Pieris japonica 'Mountain Fire'	6	1.2 - 2.4m	1 - 2m		Dense, upright habit. Fiery-red new growth matures from deep green. White bell shaped flowers from heavy bud clusters in spring.	39.95 (12) 44.95 (2) 49.95 (30 L)	
Prelude Japanese Andromeda	Pieris japonica var. yakushmanum 'Prelude'	5	0.6m	0.6 - 1m		Hardy, compact form. Bright pink new growth, maturing to deep green. Winter pink buds open to white, long lasting flowers.	39.95 (20) 29.95 (14) (20 Li) (25 Sid)	
Red Mill Japanese Andromeda	Pieris japonica 'Red Mill'	5	1.2 - 2m	1 - 1.25m		Fiery-red new growth, turning mahogany then to lustrous dark green. Bead-like bud clusters open to white, urn-shaped flowers in spring.	29.95 (3)	
Sarabande Japanese Andromeda	Pieris japonica 'Sarabande'	5	1 - 1.2m	1 - 1.2m		Compact variety. Orange-red new foliage. Pink buds open to white flowers in spring.	24.95 (1) 39.95 (3)	
Scarlett O'Hara Japanese Andromeda	Pieris japonica 'Scarlett O'Hara'	6	2 - 2.4m	1.2 - 1.5m		Upright, mounding habit. Bright scarlet-red new growth maturing to deep green. White bell shaped flowers on reddish stems.	39.95 (1) 49.95 (15 Sid)	
Temple Bells Japanese Andromeda	Pieris japonica 'Temple Bells'	6	1 - 1.5m	1 - 1.5m		Dense, compact habit. Horizontal branching. Bronze-red new growth matures to deep green. Pink in bud, flowers open to large panicles of snow-white flowers in spring. Slow growing. This selection is originally from Ryukyu islands, between Japan and Taiwan.	39.95 (6) (15 L)	
Valley Rose Japanese Andromeda	Pieris japonica 'Valley Rose'	5	2m	1.5m		Bronze new growth, matures to deep green. Two-tone pastel-pink, urn-shaped flowers open from deep pink buds, red stems.	29.95 (8) 39.95 (13) (10 L)	
Valley Valentine Japanese Andromeda	Pieris japonica 'Valley Valentine'	5	1.2m	1.2m		Compact habit. Orange-bronze new growth matures to glossy green. Stunning deep rose blooms open from maroon buds.	39.95 (7) (10 L)	
Variegata Japanese Andromeda	Pieris japonica 'Variegata'	6	2m	1.5m		Pink new growth, matures to creamy-white-edged foliage with green center. Ivory-white, urn shaped flowers appear in spring.	39.95 (3)	
Cherry Laurel / English Laurel	Prunus					Shelter from winter wind		
Firethorn	Pyracantha					Deer resistant. Attracts pollinators, birds. Protect from dessicating winter wind.		

Broadleaf Evergreens 2021 Blue - New 2021 Common Name	Latin name	Zone	Ht (cm/m)	Spr (cm/m)	NS Native	Description	red - Three or less in stock blue - New 2021-Supplier Price/(#Stock)
Chadwick Firethorn	Pyracantha coccinea 'Chadwickii'	6	1.5-1.75m	1.5-1.75m		Mounded form, irregular habit. Semi-evergreen, green leaves, spiny, stiff branches. Abundant white blooms in May produce green berries changing to orange-red colour, persisting into winter. Full sun to partial shade, moist, well-drained soil. Best berry production in full sun. Moderately drought tolerant once established. Plant in area protected from drying winter winds.	44.95 (3)
Yukon Belle™ Firethorn	Pyracantha angustifolia 'Monon' (Yukon Belle)	6	2.5 - 3m	1.75 - 2m		Upright, mounded, irregular habit, evergreen to semi-evergreen green leaves on spiny, stiff branches. White blooms in May produce bright-orange berries in fall, showy in winter. Good as a barrier or screen. Best berry production in full sun. Moist, well-drained soil. Moderately drought tolerant once established. Plant in area protected from drying winter winds.	49.95 (1)
Himalayan Sweetbox	Sarcococca					Deer Resistant. Shelter from winter wind. Attracts bees. Very FRG!	
Fragrant Valley™ Himalayan Sweetbox (Sarsid1)	Sarcococca hookeriana var. humilis 'Sarsid1'	6	30 - 45cm	1 - 1.2m		Slow, spreading form. Very fragrant, very early white flowers, lustrous, long, narrow, glossy green leaves. Best in partial shade to full shade, avoid hot afternoon sun. Average to moist, well-drained soil. Canadian (BC) introduction. Disease resistant.	16.95 (5) 22.95 (50 Sid) 24.95 (7)
Fragrant Mountain™ Himalayan Sweetbox (Sarsid2)	Sarcococca hookeriana var. humilis 'Sarsid2'	6	0.6 - 1m	1 - 1.2m		Slow, spreading form. A little taller than 'Sarsid 1', very fragrant, early white blooms, lustrous, deep green foliage. Best in partial shade to full shade, avoid hot afternoon sun. Average to moist, well-drained soil. Canadian (BC) introduction. Disease resistant.	16.95 (3) 18.95 (56) 22.95 (50 Sid)
Japanese Skimmia	Skimmia					Deer Resistant - Native to China, East Asia - Tender Evergreen - Protect from winter wind - Fruit attracts birds	
Keessen (Female) Japanese Skimmia	Skimmia japonica 'Keessen'	7	0.3 - 1m	1m		Female plant. Dark-green, evergreen leaves. Panicles of showy, red buds open to very fragrant, white, starchy flowers that later produce clusters of showy, red fruit. Dioecious (separate male & female plants). Male plant must be situated nearby for cross-pollination to take place. Partial to light shade. Rich, moist, well-drained, acidic soil.	39.95 (3)
