| Blue- New 2021 | | | | | | | | |
| Common Name | Latin Name | Zone | Ht. | Dpth. | Spr. | NS Native | Marginal = plant that lives at the water's edge. Oxygenator = plant that helps reduce algae, adds oxygen, gives shelter to fish FRG = Fragrant | Red - Three or less in stock Blue - New stock 2021-Supplier Price/(Stock) |
| Sweet Flag | Acorus | | | | | | | |
| Oborozuki Golden Variegated Sweet Flag | Acorus gramineus 'Oborozuki' | 6 | 8-12" | | 18" | | Marginal. Perennial. Fantastic, golden, grass-like foliage plant, with thin green stripes, forms a low clump. Tangerine scent if bruised. Flowers are insignificant. Native to bogs, shallow ponds and marshes of East Asia, this plant will grow in shallow water. Good as an accent at edge of pond or edge of woodland. Full sun to partial shade. Rich, consistently moist, acidic soil. | 12.95 (31) 13.95 (12 NVK) 16.95 (1) |
| Variegated Sweet Flag | Acorus calamus (syn. gramineus) 'Variegatus' | 6 | 8-12" | | 18" | | Marginal. Perennial - Mid-Late Season. Green & white vertical-striped, sword-shaped leaves provide excellent accent for pond's edge. Crushing the leaves produces a pleasing cinnamon fragrance. Non-invasive. Attractive to hummingbirds and butterflies. Sun to pt. shade. | 12.95 (2) 13.95 (12 NVK) |
| Marsh Marigold | Caltha | | | | | | | |
| Mountain (White) Marsh Marigold | Caltha leptosepala | 4 | 8" | | 8" | | Marginal. Perennial - Native to subalpine wetlands and meadows of W. North America. White, daisy-type flowers with a bluish cast in early spring. Rounded, glossy leaves. Clumping, compact habit. Species name "leptosepala" means slender sepals. | 12.95 (67) |
| Yellow Marsh Marigold | Caltha palustris | 3 | 12-14" | 1-4" | 12-18" | Yes | Marginal. Perennial - NS Native species - Early, Late season. Waxy, yellow, 1" (3cm) diameter, buttercup-like flowers in early spring over low mounds of glossy, kidney-shaped, dark-green leaves. May rebloom late summer. Self-seeds to form a colony. Moist to wet soil, survives drought by going dormant. Early bloom attracts emerging bees and butterflies. Provides protection to aquatic creatures and helps to clarify pond by absorbing nutrients/trapping silt. | 12.95 (50 NVK) |
| Papyrus | Cyperus | | | | | | | |
| Dwarf Umbrella Plant | Cyperus albostratus | 9 | 24-36" | 1-4" | | | Marginal. Tropical/Annual. Green, grassy-type foliage (sedge). Tall stems of chartreuse, spiralled, leaf-like flower bracts are umbrella-like. Partial shade to shade. Moist to wet soil. Crown should not be submerged under water. | |
| King Tut Papyrus | Cyperus papyrus 'King Tut' | 10 | 48-72" | 1-4" | 12-24" | | Marginal. Tropical/Annual. Large heads of pendulous leaves. Spikelets can reach 1 foot across. Plant in tubs (2+gal) for easy overwintering indoors. Sun to pt. shade. | |
| Iris | Iris | | | | | | | |

| Common Name | Latin Name | Zone | Ht. | Dpth. | Spr. | NS Native | Description | | Red - Three or less in stock Blue - New stock 2021-Supplier Price/(Stock) |
| Eileen's Dream Japanese Iris | Iris ensata 'Eileen's Dream' | 5 | 35" | | | | Marginal. Perennial. Large, velvety, purple-red, double flowers with contrasting yellow blotches on signals. Moist soil. Full sun. Blooms in July. | | 11.95 (15) |
| Lion King Japanese Iris | Iris ensata 'Lion King' | 5 | 36-48" | | 24" | | Marginal. Perennial. Large 7-8" ruffled white flowers with bright grape-purple edges, small yellow signals. Moist soil. Attracts butterflies. Full sun. Blooms in July. | | 12.95 (18) |
| Cry of Rejoice Japanese Iris | Iris ensata 'Cry of Rejoice' | 5 | 32" | 20" | | | Marginal. Perennial. Very large, magenta-red blooms with yellow signals and white veining at the base of each fall. Up to three buds per stem. Bright-green, sword-like foliage. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Crystal Halo Japanese Iris | Iris ensata 'Crystal Halo' | 5 | 24 - 36" | | | | Marginal. Perennial. Huge, deep-purple blooms with a fine, white edge and vibrant yellow signals. Flowers appear flat, open faced, up to three buds per stem. Bright-green, sword-like foliage. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Darling Japanese Iris | Iris ensata 'Darling' | 5 | 36" | | | | Marginal. Perennial. Huge, lilac-purple blooms with vibrant yellow signals. Flowers appear flat, open faced, up to three buds per stem. Bright-green, sword-like foliage. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Freckled Geisha Japanese Iris | Iris ensata 'Freckled Geisha' | 5 | 36" | | | | Marginal. Perennial. Large, double or semi-double blooms are white with violet ruffled edges and violet markings on the petals and bright yellow signals. Flowers appear flat, open faced, up to three buds per stem. Bright-green, sword-like foliage. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Gold Bound Japanese Iris | Iris ensata 'Gold Bound' | 5 | 24-36" | 18" | | | Marginal. Perennial. Large, pure-white flowers with yellow signals. Multiple flowers per stalk. Attractive, upright, bright green, sword-like foliage. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Queen's Tiara Japanese Iris | Iris ensata 'Queen's Tiara' | 5 | 36" | | | | Marginal. Perennial. Large, white blooms with light-purple veining, violet-purple crests, and yellow signals. Flowers appear flat, open faced, up to three buds per stem. Bright-green, sword-like foliage. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Variegated Japanese Iris | Iris ensata 'Variegata' | 5 | 27-29" | | | | Marginal. Perennial. Large, purple blooms, with yellow signals. Beautiful, green and white variegated, sword-like leaves. Prefers rich, moist to wet soil. | | 14.95 (12 NVK) |
| Black Gamecock Louisiana Iris | Iris louisiana 'Black Gamecock' | 5 | 24 - 36" | | | | Marginal. Perennial. Huge velvety deep purple petals, will multiply rapidly when in ideal conditions. Moist to boggy conditions. Blooms in July. | | 12.95 (21) |

| | | | | | | | Marginal = plant that lives at the water's edge. Oxygenator = plant that helps reduce algae, adds oxygen, gives shelter to fish FRG = Fragrant | | |
| Night Thunder Pseudata Iris | Iris pseudata 'Yarai' (Night Thunder) | 5 | 26-30" | 44-48" | | Yes | Marginal. Perennial. Species cross between Iris pseudoacorus (Yellow Flag Iris) & I. ensata (Japanese Iris). Unique peach blend with prominent, deep-purple veining, deep purple standards and prominent, yellow signals. Tall, upright form. Excellent vigor and healthy foliage. Pseudata Iris foliage emerges showy, light green to very bright chartreuse in early spring, greening up by bloom time. Will grow in average to consistently moist and wet soil. Not invasive, is sterile or nearly so, producing little to no seeds. | | 12.95 (25 W) |
| Golden Zebra Hybrid Blue Flag Iris | Iris 'Golden Zebra' | 4 | 12" | | | | Marginal. Perennial. Hybrid of (I. versicolor x I. virginica) Medium-green foliage emerges dark purple in spring. Orchid-like flowers have right yellow signals, with fantastic, contrasting, white and almost-black, striped zebra-like falls. Full sun to partial shade. Moist to wet soil. Full sun to partial shade. Attracts bees, butterflies and hummingbirds. | | 12.95 (4) |
| Blue Rush | Juncus | | | | | | | | |
| Blue Rush | Juncus inflexus | 5 | 12-36" | | | 12-36" | Marginal. Perennial. Stiff, upright, cylindrical, blue-green leaves. Slow to establish but once is, spreads slowly by creeping rhizomes. Prefers moist to wet soil. Full sun to partial shade. | | |
| Blue Arrows Rush | Juncus inflexus 'Blue Arrows' | 5 | 36" | | | | Marginal. Perennial. Stiff, upright form, bright, blue-green colour. Prefers moist soil but is quite drought tolerant once established. Good near waterside or pond. Full sun to partial shade. | | |
| Blue Dart Rush | Juncus inflexus 'Blue Dart' | 3 | 12-18" | | | 12" | Marginal. Perennial. Stiff, upright form, blue to blue-green colour. Prefers moist to wet soil but is quite drought tolerant once established. Good near waterside or pond. Also nice in annual container displays. Full sun to partial shade. | | |
| Twisted Arrows Blue Rush | Juncus inflexus 'Twisted Arrows' | 6 | 24-36" | | | 12-24" | Marginal. Perennial. A blue-green (fusible) blend of stiff, and curly Juncus, really makes a statement. Prefers moist to wet soil, but is quite drought tolerant once established. Good near waterside or pond. Also good in containers. | | |
| Yellow Pond Lily (Spatterdock) | Nuphar lutea | 5 | 6-24" | 12-36" | | 36-60" | Perennial. Native to E. US, Eurasia. In the water lily family. Fragrant, globular, cup-like, 2 inch diameter flowers all summer. Each flowers partially opens in morning and closes at night, lasting about 4-5 days. Flat, oval/heart-shaped, lily-pad-like leaves float on the water surface. Shorter, cabbage-like leaves remain submerged under water. Spent flowers give way to seed heads that burst open when ripe, spreading their seeds over the water surface, reminiscent of dock (Rumex), hence the common name "spatterdock". Needs space, spreads by underground rhizomes, forms a colony. Dies back to rhizome in winter. Full sun to partial shade. Tolerates more shade and deeper water than water lilies (Nymphaea). | | 13.95 (75 NVK) |
